

FOR IMMEDIATE RELEASE

## **SharkGate is the the Artificial Intelligence Blockchain Conference pitch winner 2023**

**Valletta, Malta – 17 November 2023** – SharkGate, one of the leading website cybersecurity tech platforms, has won the highly competitive start-up pitch contest at the renowned AIBC held in Malta. This award is another testament of the innovative nature of the cutting-edge cybersecurity solutions offered by the company.

### **Innovative Cybersecurity Solutions Take Center Stage**

SharkGate had the opportunity to showcase its unique project and its potential to transform the cybersecurity landscape. At the heart of SharkGate's success was its advanced AI-driven method to cybersecurity together with the forward-thinking community approach and its potential impact on businesses worldwide.

SharkGate impressed the audience and judges with its capability to offer unparalleled protection for websites against the most sophisticated cyber threats.

### **A Contest of High Caliber**

The AIBC Europe pitch contest is renowned for its competitive nature, inviting only the most promising start-ups to present their ideas before a high-profile jury and audience. Only six contenders were shortlisted for this year's edition.

### **An Expert Jury Panel**

The jury, consisting of prominent figures such as Alexey Gubarev (Co-founder & board member at Palta), Osmin Callis (Founder & CEO at Mode8 Venture Studio), Vinicius Moraes De Carvalho (Investment Partner at Ikigai, Ventures), Jarek Bialek (CEO at Revenue Capital LLC) and David Meltzer (Founder at David Meltzer Entreprises) recognized SharkGate for its innovative and collaborative approach together with the scalability of its cybersecurity solutions.

The prize unlocks access to digital marketing services and new equity investment opportunities.

### **A Step Forward for SharkGate**

*"This award is not just a recognition of our technological innovation, but also a testament to the hard work and dedication of our team,"* said Marc Roberts, CEO and co-founder of SharkGate. *"We are excited to continue our journey in making the internet a safer place for everyone."*

*Ends*

## **About the sale of \$SHARK Coin and upcoming Initial Exchange Offering (IEO)**

It is already possible to buy \$SHARK tokens via our private sale. More information available at <https://www.sharkgate.net/private-sale>

Our IEO is planned for Q1 2024. More information available at <https://ieo.sharkgate.net>

## **About SharkGate**

Founded in 2020, SharkGate offers a unique suite of cybersecurity solutions for websites, harnessing proprietary artificial intelligence to safeguard businesses against cyber threats. These core components are the SharkGate Plugin, SharkGate Website Threat Defence Database (“WTDD”) and the SharkGate AI (“Deep Sea”). We foster a community-oriented defense mechanism, allowing clients to benefit from a shared pool of attack intelligence. Our use of cryptocurrency through our Shark token is empowering and incentivizing our community. With a focus on innovation and excellence, we aim to make the internet a safer place for everyone.
